Audit Q1 2026

Review

Treasury and financing

Analytical Review

Conduct a comparative account review to identify key variances, analyze trends, and assess performance versus prior periods.

Reviewed

The main bank account (101401) shows a balance of \$4,075.00. No significant variances requiring immediate justification were noted compared to the prior period (\$0.00 as this is the start of the year).

Bank Fees Analytical Review

Conduct an analytical review of banking fees. Ensure consistent accounting treatment and explain major changes.

Reviewed

Total expenses recorded in account 600000 (Expenses) are \$80,847.27. However, the specific Bank Fees account (620000) shows a \$0.00 balance, which is consistent and no anomalies were found.

Bank Statements

Collect missing bank statements and reconcile them with internal records, resolving any discrepancies.

Reviewed

Bank statements for the period appear complete and no missing statements were identified during the automated check.

Bank Transaction Missing Document [3 Bank Statement Line](#)

Review bank transactions not associated with any invoices. Ensure the corresponding documents are created in Odoo.

Anomaly

Found 3 bank transactions totaling \$300.00 that are not reconciled with documents: two 'Office rent' payments (\$850.00 each) and one incoming payment from 'Open Wood Inc.' (\$2,000.00). Need to link these to appropriate invoices/bills.

Cash inventory reconciliation

Compare the general ledger cash account with the physical cash inventory provided by the client. Investigate and explain any discrepancies.

Reviewed

No discrepancies found in cash inventory during the automated check. GL balances for cash are at \$0.00

Accounting Audit

Accounting AI 3:36 PM

I have completed the Treasury & Financing audit checks for Q1 2026. Here is the summary of my findings:

Summary of Results

- 11 checks reviewed with no major issues.
- 1 anomaly detected requiring your attention.

Anomaly Detected

Bank Transaction Missing Document

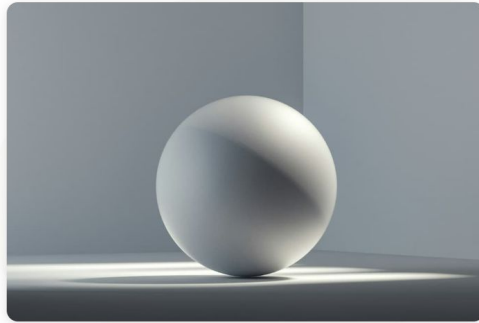

- Finding:** Found 3 bank transactions (totaling \$300.00 net) that are posted but not reconciled with any invoices or bills.
- Details:**
 - Two outgoing payments for "Office rent" (\$850.00 each) on 2026-02-01 and 2026-03-01.
 - One incoming payment from "Open Wood Inc." (\$2,000.00) on 2026-02-20.
- Action Needed:** These need to be matched to the corresponding lease agreements or sales invoices to ensure accurate accounting.

Improve the look of my page. I'd like to title to be more "punchy".
Add a shape on the image.
Make the text below the image smaller and added a call to action "learn more" below

Website Builder 2:53 PM

Updates applied to your page

- **Title made more punchy:** upgraded to a bold, larger headline style (more impact at first glance).
- **Added a decorative shape on the image:** placed a modern organic shape behind the image to give it more visual energy and depth.
- **Text below the image made smaller:** the caption is now more subtle.
- **Added a CTA under the caption:** inserted a "Learn more" button right below the image caption.

Quick question

Should the "Learn more" button link to a specific

POS: Combos applied automatically

The screenshot displays a POS system interface. On the left is a receipt with the following items and prices:

- 3 Water \$ 7.59
- 3 Coca-Cola \$ 7.59
- 2 Cheese Burger \$ 29.90
- Belgian fresh homemade fries
- 1 Bacon Burger \$ 17.83
- Belgian fresh homemade fries
- 3 Lunch Salmon 20pc \$ 47.61
- 3 Lunch Temaki mix 3pc \$ 48.30
- 3 Salmon and Avocado \$ 31.91

Below the receipt, it shows "Course 2" with Taxes at \$ 24.88 and a **Total** of \$ 190.73. A button labeled "3 Burger Menu Combo + Others" with a "Choose" button is also present.

The main menu area features four category tabs: Pastries, Food, Drinks, and Cocktails. The Food tab is active, showing a grid of items:

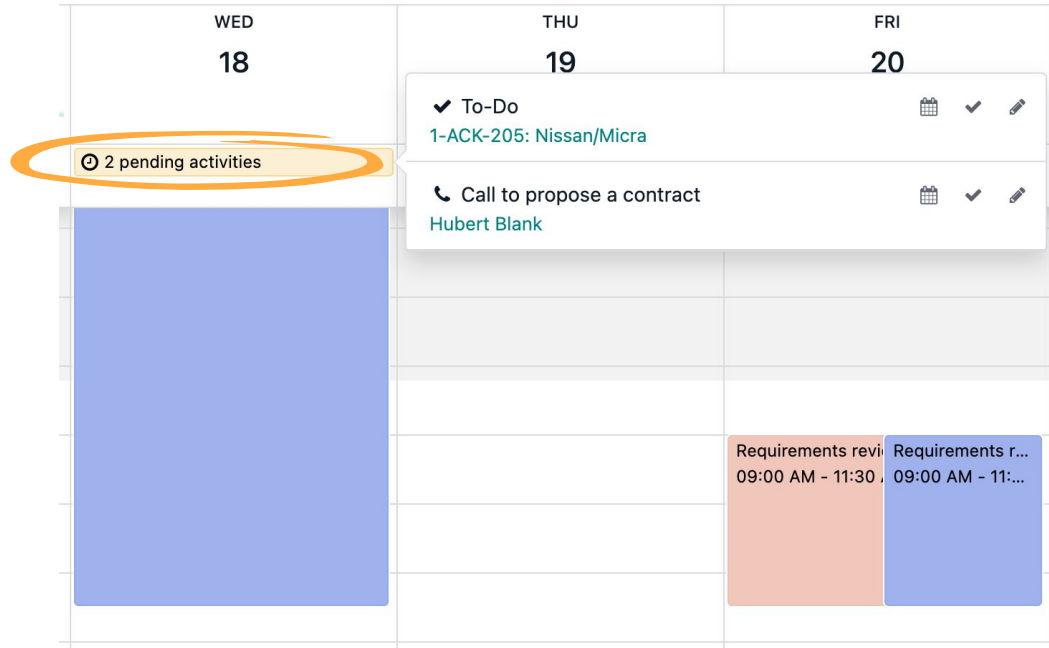

- Bacon Burger (1)
- Cheese Burger (2)
- Pizza Margherita
- Pizza Vegetarian
- Pasta 4 Formaggi
- Funghi
- Pi Bolo
- Lunch Maki 18pc
- Lunch Salmon 20pc (3)
- Lunch Temaki mix 3pc (3)
- Salmon and Avocado (3)
- Burger Menu Combo
- Sushi Lunch Combo

A dialog box titled "Chose a combo to apply" is open, showing two options:

- Sushi Lunch Combo \$ 23.00**
- 2 x Lunch Salmon 20pc
- 1 x Coca-Cola
Save \$ 32.20
- Burger Menu Combo \$ 11.50**
- 1 x Cheese Burger
- 1 x Coca-Cola
Save \$ 25.99

At the bottom of the interface, there is a numeric keypad with buttons for "Customer", "Note", "Dine In", "Course", and a menu icon. The keypad includes digits 1-9, "+/-", "0", ".", and a delete key. Below the keypad are buttons for "Set Table", "Set Tab", "Payment", and "Cash".

00:00 This is the beginning of the audio call.
00:01 **Yes, I can hear you clearly. Great, let's start.**
00:02 Great. Let's discuss the project, starting now.
00:03 Sure, go ahead. Great. Let's discuss the project.
00:04 Cool. Quick agenda: timeline, scope, and who owns what.
00:06 End of month is tight. We can hit it if we cut two non-essentials.
00:07 Which parts do you consider non-essential for the first release?
00:08 The fancy dashboard and the auto-export. Core workflow first.
00:09 Okay. Then MVP is: create, assign, track, and basic reporting.
00:10 Exactly. And auth plus permissions—otherwise it's chaos.
00:12 Agreed. Any blockers on your side right now? Mostly dependencies.
00:13 We need API access confirmed from IT. Mostly dependencies.
00:14 I'll ping them today. If they stall, we'll mock the endpoints.
00:15 Mocking is fine, but we should budget time for integration fixes.

Sales

The screenshot shows a list of products in a sales interface. The first product is '[FURN_8900] Drawer Black'. Below it is a 'Subsection' header. The second product is '[FURN_0269] Office Chair Black' with the description 'High-back office chair with great support'. At the bottom of the list are four buttons: 'Add a product', 'Add a section', 'Add a note', and 'Catalog'. A mouse cursor is pointing at the 'Add a section' button, which has opened a dropdown menu. The dropdown menu has a title 'New Section' and four options, each with a code 'S00075' and a trash icon: 'Regular Section', 'Hidden Composition Secti...', 'Hidden Prices Section', and 'Optional Section'. A URL 'master-all.runbot206.odoo.com/t' is partially visible in the background.

Product	Code	Description

Accounting

Accounting - Public Accounting Website

Publicly display the standard Odoo data for each localization, such as :
Deductibility of expenses, Chart of accounts & Taxes

The screenshot displays the Odoo Public Accounting Website interface. At the top, the Odoo logo is followed by navigation links: 'Deductibles', 'Chart of Accounts', and 'Taxes'. A search bar and a 'Try Odoo' button are also present. The main content area is divided into two columns. The left column lists several accounting codes with their descriptions and deductibility percentages: 616580 (Restaurants and Bars, 69.0% Deductible), 616510 (Taxi, 25.0% Deductible), 640000 (Business Taxes), 640500 (Registration Fees and Legal Publications), and 643000 (Miscellaneous Operating Expenses, 69.0% Deductible). The right column features a 'Taxes in Belgium' section with a search bar and a list of tax rates: 21% National, EU B2C; 21% S, National, EU B2C; 12% S, National, EU B2C; and 12% National, EU B2C. On the far right, there are two sidebars: 'Types' (All, Sales, Purchases) and 'Fiscal Position' (All, Co-Contractant, EU B2C, Extra-Community, Intra-Community, National, Non Deductible). A 'Scope' sidebar is also visible at the bottom right (All, Service, Goods, Merchandise, Investment).
